

# REDCYCLE:

Soft plastics recycling bin found at Coles and Woolworths supermarkets.  
**Please make sure your plastic is dry and as empty as possible.**

## you drop

- Drop your soft plastics into your nearest REDcycle collection bin and RED Group will do the rest.
- There are participating supermarkets all around Australia. REDcycle bins are typically located near the checkout. Please ask at the customer service desk if you can't locate the bin

## we recycle

- The collected plastic is returned to RED Group's facility for initial processing, then delivered to Victorian manufacturer [Replas](#) where it undergoes an incredible transformation.
- Replas uses the material as the resource to produce a huge range of recycled-plastic products, from fitness circuits to sturdy outdoor furniture, bollards, signage and more.

## YES PLEASE!
